

# Amy Denzer

Software Engineer

## SUMMARY

Creative, detail-oriented, software engineer with a deep interest in AI. Proven track record of creating and implementing successful front and back-end web applications. Looking to bring my skills to a tech company with global reach

## WORK EXPERIENCE

### Software Engineer at 100devs, Minneapolis, MN

July 2022 — Present

- Collaborated with a team of developers to build modern and responsive web applications using best practices
- Built semantically structured full-stack web applications using JavaScript, React, Node.js, and Express
- Applied agile methodologies like SCRUM for project management, enhancing team productivity by 15%

#### Recent Projects:

**Happy Notes (Fullstack Web App)** – Users can log in to their profile and find their list of notes. They can add new notes through an input, which they can then edit or delete all notes in their profile.

**Cross Flex (Fullstack Web App)** – Consumed a custom-built WOD API, implemented user profile management, and cumulative points tracking. Technologies used: React, Node.js, Express, MongoDB

**Other Projects:** Developed Virtual Card Games, Minneapolis StarGazers Society APOD Web App (integrated NASA API), Partnered Twitch streamer, background color changer, Auto-completing movie search tool, and a ticket-track

### Full Stack Web Developer at Consulting | Minneapolis, MN

January 2019 — Present

- Created full-stack web applications and static websites for small and medium-sized businesses using HTML, CSS, JavaScript, and various CMS platforms
- Consulted on SEO and social media strategy, improving client online visibility by 25%
- Clients included Minneapolis College Photo Show 2020, Blonde Luxe Hair Lounge, The Oak Oven Pizzeria, and Granny B's Cookies

### Creative Marketing Consultant at Photo Letter Project | Minneapolis, MN

April 2017 — January 2024

- Established and executed a marketing strategy for Make 'N Take workshops and exhibiting at arts and craft shows throughout the Midwest
- Contributed photography, and developed digital assets, and print media enhancing event attendance by 30%
- Developed landing pages and digital event registration tools to streamline event management
